

WORK EXPERIENCE

Product Operations Lead | lululemon athletica

July 2024 – Present; 40 hrs per week

Orem, UT 84097

- Increased inventory accuracy by implementing systematic product tracking and verification processes, reducing discrepancies and improving stock reliability for a high-volume retail location.
- Optimized sales performance through strategic product flow analysis, analyzing sales data and customer traffic patterns to position merchandise for maximum visibility and conversion.
- Improved product processing time by streamlining back-of-house operations and establishing efficient receiving, tagging, and floor-replenishment workflows.
- Led floor operations by providing real-time coaching and constructive feedback to sales educators, resulting in improved customer engagement and sales techniques.
- Developed and delivered targeted training sessions on product knowledge, sales strategies, and customer service standards to enhance team performance.
- Maintained organized back-of-house inventory systems, ensuring compliance with company standards and facilitating efficient product location and retrieval.

Entrepreneurship Law Teaching Assistant | Brigham Young University

January 2024 – Present; 15 hrs per week

Provo, UT 84602

- Utilized comprehensive legal knowledge to clarify complex legal principles including contract law, intellectual property, business formation, and regulatory compliance for undergraduate students.
- Assisted with course organization by coordinating class materials, scheduling, and communication between students and instructor, ensuring smooth academic operations.
- Created educational content including study guides, practice problems, and supplementary materials that enhanced student understanding of entrepreneurship legal frameworks.
- Provided one-on-one academic support to students, explaining legal concepts and helping them apply theoretical knowledge to practical business scenarios.
- Evaluated student assignments and provided detailed feedback on legal analysis, reasoning, and application of entrepreneurial law principles.

Vietnamese Customer Service Representative | NuSkin

July 2023 – February 2024; 40 hrs per week

Provo, UT 84604

- Handled 25-50 customer service calls daily in both Vietnamese and English, providing bilingual support to diverse customer base and brand affiliates across multiple time zones.
- Maintained exemplary customer satisfaction ratings by demonstrating patience, professionalism, and thorough problem-solving skills while addressing product inquiries, order issues, and account concerns.
- Resolved complex customer issues by researching product information, navigating company systems, and coordinating with multiple departments to ensure comprehensive solutions.
- Provided high-quality service to brand affiliates by explaining business opportunity details, commission structures, and company policies in culturally appropriate manner.
- Documented customer interactions in CRM system, maintaining accurate records and identifying trends that informed service improvements.
- Demonstrated cultural competency by serving Vietnamese-speaking customers with appropriate language nuances and cultural sensitivity.
